Isaiah 52:7

How beautiful upon the mountains  
are the feet of him that bringeth good  
tidings, that publisheth peace; that  
bringeth good tidings of good, that  
publisheth salvation; that saith unto  
Zion, Thy God reigneth!

## Beautiful Feet Ministries

We are continually amazed by the way God works in our lives. As you all know we have been praying for the last four years that God would provide for Craig's left knee to be replaced as it has been becoming more and more difficult for Craig to go to China with God's word. You may also remember that when we were home two years ago that we told you, that because we have Hong Kong IDs we are part of the Hong Kong health care system and that Craig was on the waiting list for surgery on 04/04/2014. We were sure that was the way God would provide for the surgery. Little did we know what God's plan really was.

As Craig's knee continued to get worse 2014 became farther and farther away.

But one day out of the blue God opened a door and what a door it was. Craig was a software engineer for 17 years before Christ and God opened up an opportunity to write some software in exchange for his knee surgery.

Not only that but God opened the door for the best

Doctor in Hong Kong to do the surgery and He arranged for every thing we could need.

A young Woman at church invited me to stay at her house as it was only five minutes from the hospital. So I was well cared for while Craig was recovering and I was not having to make the four hour trip there and back every day from our house.

God also provided that the surgery be a whole three weeks early. Our first appointment with the private Doctor was for November 19th, but around the first of October Craig called the Dr.'s office to see if there would need to be any pre-op appointments he would need to make and the nurse asked if he would like to have the surgery sooner, "Well, Yes! If you can." She said "let

Moreover the word of the LORD came unto Jeremiah the second time, while he was yet shut up in the court of the prison, saying, Thus saith the LORD the maker thereof, the LORD that formed it, to establish it; the LORD is his name;

## Continued ...

---

Well there was an opening for October 29th. We were in shock everything was happening and God was putting all the pieces in place.

Craig had the surgery on the 29th October and was out of the hospital walking with a cane in four days even the Doctor could not believe it. He said it was a new record no one had ever been sent home in four days after a knee replacement.

But we know that it was all God. He was working through your prayers. We have no doubt that God was moving in response to your prayers. There have been so many people praying for this that God was glad to move mountains for us.

### What About China?

---

Glad you asked! While we were in the hospital our co-workers were working the hardest they have worked yet.

LCI had 30+ Norwegians here and bibles were flying over the border. Our director met us as we were leaving the Hospital and said the team was doing a good weeks worth of work every day. And at the end of the week 15 tons had crossed the border. More then ever before in one week.

When we made it back to the office the next week I asked some of the team how it went. I was expecting them to reply that it had been crazy and that they were worn out. But I was surprised to hear that

the long termers had not felt over worked and that they were quite relaxed and ready for the next week.

This was very humbling for me as I in my pride was hoping that we would have been missed and that they would feel a hole with us missing.

But if I had remembered I had prayed that God would fill our place so that we would NOT be missed while we were away. He had answered my prayer. But God knowing that I need to be encouraged that we are needed. He Showed us the next day by causing all the computers in the office to have a problem so we could see that He was using us!

We are glad that we serve a good God that has plans for us.

### What Else About China?

---

We have witnessed that there was a meeting in Hong Kong of 250 House Church Leaders, all coming together for fellowship, prayer and discussion of coming events. My friend who got to attend (we didn't get to go), said they represented all total somewhere around 60 million brothers and sisters in China. Can you imagine what it would be like if in the US, 250 Pastor's of different churches got together, and tried to discuss the direction of THE church. I think it would be quite a different picture. As I understand it, here it was as Jesus said it, "PEACE that passes understanding". Just something to ponder.

# What's Next ...

What's Next? That's a really good question. It seems that God has already made our plans for my recovery. I should have a light duty job for the next 3 or 4 months, while my muscles gain bulk, and recover from what surgery does to a leg. So our brothers and sisters at New Life Ministries Japan, (where all the Bibles are printed!), are in need of some software for one of there departments. It is impractical to try to write it, and communicate to them in Japan, and us in Hong Kong, so they have graciously invited us to come to Japan for January, February, and March.

We are blessed indeed. Instead of just sitting here and wanting to do trips to China, it seems God has chosen a needful project for us to do for our bretheren in Japan. Deborah and I are overwhelmed with excitement. Please pray for us as we face, and have faced spiritual warfare every

single day of this project. Obviously our enemy would not like to see it get done.

## Romans 8:28-8:31

And we know that all things work together for good to them that love God, to them who are the called according to his purpose.

For whom he did foreknow, he also did predestinate to be conformed to the image of his Son, that he might be the firstborn among many brethren.

Moreover whom he did predestinate, them he also called: and whom he called, them he also justified: and whom he justified, them he also glorified.

What shall we then say to these things? If God be for us, who can be against us?

*My friend in Japan loading a press for printing Chinese Bibles*

*What comes out the other side is pieces of Chinese Bibles at a rate of about 13 a minute. WOWEE!*

And frankly, unless you pray for us, it won't. Which brings me to another subject. We have always faced spiritual warfare here, carrying Bibles to China. But our God is bigger, and always takes care of it for us. It seems we have stepped into a new level of warfare. I don't know if it's because we are so close to Jesus's return, or what. But we are facing battles like we

never have before. WE NEED YOUR PRAYERS. We had started a Wednesday night worship here at our house, and every Tuesday, a computer in the office blows up, (Its my job to fix it.), or Wednesday I wake up with a sinus infection, or something along those lines. There are many more examples I could give you, but the bottom line is we are facing warfare like we never have, and we really need your prayers. I have noticed that everywhere in the world things seem to be ramping up for something to happen. Have you? Wouldn't it be wonderful if its time for I Corinthians 15:51.

*In a twinkle of an eye. Were ready.*
